About

Master's student in **Urban Design** at Newcastle University with a Bachelor's in **Architecture** from Bahçeşehir University. Passionate about designing sustainable, human-centered buildings and public spaces that create a positive social impact. Proficient in industry-standard design tools ([Revit](#) • [AutoCAD](#) • [Adobe Suite](#)) and experienced in both architectural design and digital marketing. Explore my visual portfolio at this [Link](#).

Education

- Master of Urban Design** > Newcastle University 📅 2025 – Present
- Location: Newcastle, England | International Scholarship: £7,000 | Academic Scholarship: £5,850
- Bachelor of Architecture (BArch)** > Bahçeşehir University 📅 2021 – 2025
- Location: Istanbul, Turkey

Selected Projects

- Adaptive Reuse of a Historic Building** 📅 2025
- Designed a sustainable renovation strategy for a historic building, creating a cultural hub that respects its architectural heritage while meeting modern needs.
 - Used [Revit](#) to produce detailed 3D models and construction documentation.
- Public Space Design: Revitalizing a Neglected Street** 📅 2025
- Collaborated with a team in a design workshop at MawsonKerr to propose an inclusive temporary public space that increased pedestrian traffic in the area.
 - Applied urban design principles to create a layout that is accessible and encourages social interaction.
- Residential Interior Renovation Project** 📅 2024
- Led the interior design for a 150m² apartment, creating modern and functional living spaces.
 - Developed design concepts, selected materials, and supervised the construction process.

Experience

- Short-Term Internship** > Ryder Architecture 📅 Feb 2026
- 📍 Newcastle, England
- Contributed to urban design proposals, site analysis, and masterplanning for a large-scale residential development project.
 - Developed 3D massing models and detailed drawings using [Revit](#) to support design presentations.
- Design Workshop Participant** > MawsonKerr 📅 Nov 2025
- 📍 Newcastle, England
- Collaborated in a team of 5 to design an inclusive temporary public space, successfully increasing pedestrian flow in an underused street.
 - Presented design proposals to a panel of senior architects and urban designers, receiving positive feedback.
- Intern Architect** > Architenko 📅 Jul – Oct 2024
- 📍 Brussels, Belgium
- Designed and drafted entrance gates and building components for 3+ commercial projects, based on precise structural measurements.

- Produced 3D models and technical documentation in AutoCAD and Revit; collaborated with engineers and contractors on site.

Architectural Assistant > Private Architecture Offices 📅 2023 – 2025

📍 Iran

- Designed interiors and façade elevations for 10+ residential and commercial projects, delivering client-focused and functional solutions.
- Assisted with construction supervision and coordination, ensuring projects were delivered on time and to a high quality standard.

Social Media & Digital Marketing Specialist > Freelance / Various Clients 📅 2019 – 2022

📍 Remote

- Increased Instagram engagement by 40% and grew follower count by 25% across three client accounts in six months.
- Created and published content on WordPress for four different businesses: *Silver Star Gallery*, *Hooman Protein*, *STR Watches*, *BA.KIF*.
- Applied SEO strategies that increased organic website traffic by 30% and contributed to a 15% rise in online sales.

Sales Manager > Hooman Company 📅 2021 – 2022

📍 Iran

- Managed sales operations and communicated with clients in-person and online, consistently exceeding monthly sales targets by 10%.
- Built strong customer relationships, resolved queries, and closed deals, maintaining a 95% customer satisfaction rate.
