PROFILE

Master's graduate in **Urban Design** (2026) at Newcastle University with a Bachelor's in **Architecture** from Bahçeşehir University. Passionate about sustainable, human-centred buildings and public spaces that create a positive social impact. Proficient in Revit, AutoCAD and the Adobe Suite, with experience spanning architectural practice, construction supervision and digital marketing.

EDUCATION

MA Urban Design | Newcastle University 2025 – 2026
Newcastle, UK

- International Scholarship (£7,000) and Academic Scholarship (£5,850).

Bachelor of Architecture (BArch) | Bahçeşehir University 2021 – 2025
Istanbul, Turkey

EXPERIENCE

Short-Term Intern | Ryder Architecture Feb 2026
Newcastle, UK

- Contributed to urban design proposals, site analysis and masterplanning for a large-scale residential development.
- Developed 3D massing models and detailed drawings in Revit to support design presentations.

Design Workshop Participant | MawsonKerr Nov 2025
Newcastle, UK

- Worked in a team of five to design an inclusive temporary public space that increased pedestrian flow in an underused street.
- Presented proposals to a panel of senior architects and urban designers, receiving positive feedback.

Intern Architect | Architektenko Jul – Oct 2024
Brussels, Belgium

- Designed and drafted entrance gates and building components for 3+ commercial projects based on precise structural measurements.
- Produced 3D models and technical documentation in AutoCAD and Revit; coordinated with engineers and contractors on site.

Architectural Assistant | Private Architecture Offices 2023 – 2025
Iran

- Designed interiors and façade elevations for 10+ residential and commercial projects.
- Assisted with construction supervision and coordination, keeping projects on schedule and to a high standard.

Sales Manager | Hooman Company 2021 – 2022
Iran

- Managed in-person and online sales, consistently exceeding monthly targets by 10%.
- Built lasting client relationships and maintained a 95% customer-satisfaction rate.

Remote

- Grew Instagram engagement by 40% and followers by 25% across three client accounts in six months.
- Built and managed WordPress content for four businesses (Silver Star Gallery, Hooman Protein, STR Watches, BA.KIF).
- Applied SEO strategies that lifted organic traffic by 30% and online sales by 15%.

SELECTED PROJECTS

Adaptive Reuse of a Historic Building

2025

- Sustainable renovation strategy turning a historic building into a cultural hub that respects its heritage while meeting modern needs; detailed 3D models and documentation in Revit.

Public Space Design: Revitalising a Neglected Street

2025

- Team proposal (MawsonKerr workshop) for an accessible temporary public space applying urban design principles to encourage social interaction.

Residential Interior Renovation

2024

- Led the interior design of a 150 m² apartment: concept, material selection and supervision of construction.
